

VILLAGE OF QUEEN CHARLOTTE

Cold Weather Planning.

With predicted cold temperatures in the forecast, we encourage all residents to have a plan in advance.

Some tips include:

- take measures to ensure pipes don't freeze.
- identify friends or family with alternative heat sources in event of a power outage.

If you experience challenges due to cold weather, don't have a plan, or don't know what to do, please contact the Fire Department (250-559-4488) and they will direct you to assistance.
